

HEAVY LOSSES

In a Number of Engagements

OPERATIONS AROUND PORT ARTHUR

Great Britain May Have Trouble With Russia Concerning Persia

HEAVY LOSSES ON BOTH SIDES.

Tokio, Aug. 5.—The Russians left 700 dead on the battlefield at Simoncheng and the Japanese casualties during the same battle aggregated 900. The Japanese captured six guns at Simoncheng and two guns at the engagements which took place at Yangtse and Tschulintzi passes.

THE FIGHT AT MOTIEN PASS.

General Kuroki's headquarters, Motien Pass, July 22, via Seoul, Corea, August 5.—(Delayed in transmission).—From the brief official reports arriving, it appears that the fighting on July 19th was severe. On July 17th, the Japanese attacked a superior force of the enemy occupying the strongest defensive works. The attack resulted in forcing the Russians to retreat along the roads north and west and in bring the right Japanese line ahead some miles and in clearing the way for the Japanese advance. The Japanese again outmaneuvered the Russians, who held the trenches. The Japanese flanked them on both sides, spreading a comparatively small force into long lines. The Japanese loss was one officer and 53 men killed, 15 officers and 350 men wounded. One company lost all its officers. Two Russian officers and 45 men were taken prisoners by the Japanese. According to the officers' accounts, the Russian loss was several hundred. The bodies of more than 200 Russians killed July 17th, were buried or burned.

TROUBLE WITH GREAT BRITAIN.

St. Petersburg, Aug. 4.—The Russ. and Novoe Vremya today comment on Great Britain's activity in Persia.

The Russ says it is to be expected that when Britain is finished with Tibet she will take advantage of Russia's preoccupation to strengthen her footing in Persia, but adds that she will find Russia not so absorbed even in the serious war that she cannot safeguard her interests in the central east.

The Novoe Vremya thinks that searching a few merchantmen for contraband in time of war is a small matter compared with raising the British flag in time of peace on two of the Pears Islands, in the Persian gulf.

SEVERE FIGHTING WITH HEAVY LOSSES.

Tokio, Aug. 6.—General Oku sends the following additional report concerning the attack on Sunday on Tenu Chang: "Our casualties in the engagement reached 860, of which 194 were killed and 666 wounded. We buried with due honor about 700 of the enemy's dead. We captured six field guns, many rifles, shells, and large quantities of flour, barley, ammunition, etc. General Kuroki reports that our casualties in the engagements of Yushulintzu and Yangtzing reached 940, including 49 officers. The enemy's casualties are estimated at two thousand at least. We captured 8 officers, 149 men, two field guns, many rifles, tents shells, and other things.

PORT ARTHUR NOT ATTACKED.

Chefoo, Aug. 5.—Refugees from Port Arthur who arrived here today say that while the guns of the fortress were employed during the three days' fighting, the fortress itself was not attacked directly.

STEAMER ENTERED PORT ARTHUR.

On July 31st the steamer Nuchwang entered Port Arthur from New Chung, carrying artillery, as well as 65,000 shells of various sizes.

The refugees say that the 12-inch shell which hit the Japanese gun on the mountains was from a gun mounted on Poripolkajah hill. The shell struck a magazine and created havoc.

JAPANESE FIRE FALLS SHORT.

The refugees declare that the 12-inch guns on board the Russian warships have no difficulty in reaching Wolf's Mountain, which the Japanese have occupied, while the Japanese return fire falls short of the city.

A LAWFUL FENCE

Several enquiries have reached the Bulletin of late as to what constitutes a lawful fence.

Lawful fences are described in chapter 28 (1902) N. W. T. ordinances as follows:—

1. Any substantial fence not less than four feet in height, if it consists: (a) Of rails or boards, not less than four in number, the lower one not more than eighteen inches from the ground, and each pane, not exceeding twelve feet in length. (b) Of upright posts, boards or pilings, not more than six inches apart. (c) Of barbed wire and a substantial top-rail, the wires to be not less than two in number, and the lower one not more than twenty inches from the ground, posts to be not more than sixteen and a half feet apart. (d) Of three or more barbed wires, the lower one not more than twenty inches from the ground, posts to be not more than sixteen and a half feet apart. (e) Of not less than three barbed wires, on posts not more than fifty feet apart; the wires being fastened to droppers, not less than two inches in width and one inch in thickness, or willow or other poles not less than one inch in diameter at the small end, or wire droppers, the said droppers or poles being placed at regular intervals of not more than seven feet apart. (f) Of two posts spiked together at the top and resting on the ground in the shape of an A, which shall be joined by a brace firmly nailed near the base, with three nails firmly secured on the one side of the A, the top rail not less than four feet, and the bottom rail not less than eighteen inches from the ground; there being also firmly secured on the other side of the A one rail not more than twenty inches from the ground. (g) Of woven wire secured to posts not more than 25 feet apart.

2. Any river bank or other natural boundary sufficient to keep domestic animals out of any land.

WHY NOT HAVE THE COMMISSIONERS COME

Editor Bulletin:—Would it not be wise to have the railway commission or transportation commission come to Edmonton and consider the following questions:—

1. Why it takes so long for a merchant to get a carload of freight from the East.
2. To compare for their own information the freight rates and passenger rates charged to Edmonton on the Canadian Pacific Railway, as compared with other points.
3. To look into the complaints of settlers whose effects do not arrive until months after they are shipped.
4. To consider the construction of a high-level railway and traffic bridge between Edmonton and Strathcona by the government, Grand Trunk Pacific, Canadian Northern Railway, Canadian Pacific Railway, and the two towns.
5. The erection of a joint union station in each of the towns, one that can be used by all the railways and the intercolonial if it uses its running rights over the Grand Trunk Pacific.
6. The removal of obstructions to navigation on the North Saskatchewan river and the preventing its control by a private corporation.

7. The removal of obstructions to navigation at Grand Rapid on the Athabasca river.

8. The building of a government tramway at Smith's Rapids on the Slave river.

9. To get the commissioners expert opinion on the local conditions by which Edmonton is surrounded and get them acquainted with same.

It is a big mistake not to have the commissioners come to Edmonton, and the town council should rectify it or the next best thing for the whole district would be for the progressive citizens of Strathcona to take the matter up and request the commissioners to come up to the north country, where our wants are many.—X.

Discouraging Immigration

Herald

The local land office reports 181 homestead entries at Calgary during July. For the corresponding month last year the entries amounted to 252. This is the first month of the present year that has fallen behind 1903 in the number of entries made. Usually from 10 to 20 per cent. more entries have been made during the months of 1904.

The majority of these homesteaders are American farmers. Agent J. R. Sutherland says the class of farmers now homesteading here is superior to that of five years ago. They have more money, bring their families with them and altogether are more desirable settlers than those of several years ago. Not a few of them are wealthy men and in addition to homesteading they purchase large tracts of land.

The country south seems to have most of these American settlers. Didsbury has received a large number and the Knee Hill section too. Around Hight River many settlers are looking for lands.

These newcomers from the States tell stories that indicate how the railroads on the other side are attempting to discourage immigration to Canada. They refuse to make rates and offer as few facilities as the interstate commerce commission will permit for those moving northward. For instance the Northern Pacific and Great Northern trains out of St. Paul carry day coaches jammed and crowded when there is plenty of rolling stock in the yards that would enable Canadian-bound settlers to move with comfort. The officials are not disposed to help build up Western Canada at the expense of their own country. The interstate commerce commission requires a seat for every adult passenger on the American lines, but the law has not been enforced apparently in the case of those leaving the United States.

The roads in the States would not even make a cheap rate for the Winnipeg fair, so fearful were they that settlers would take advantage of the opportunity to come across. As a result, American day at the Exhibition was not largely attended.

A Seat For Dundonald

Winnipeg, Man., Aug. 4.—In a private letter received here it is stated that Lord Dundonald has been offered the Conservative nomination in Glengarry, Ontario, and will return to contest the seat for the Commons.

Cold Storage and want of Confidence

Cold storage was the subject of a debate and want of confidence motion moved by Smith of Wentworth yesterday. The motion declared that the government had signally failed to take advantage of the opportunities they have had during the past seven years to secure for the farmers of Canada a safe and speedy transport for the perishable products of the farm.

That Mr. Smith, as a member of the opposition party, should move a want of confidence motion against the government is only to be expected, but that a farmer speaking for farmers should word his motion as this was worded is certainly remarkable, considering the actual circumstances. If Mr. Smith had said that the government had fallen short of their opportunities; if he had declared that there were improvements in cold storage that had not yet been adopted; or that the rates charged for freight and cold storage were higher than they should be, he might have been justified, but when he asks the House to say that the government which has established a system of cold storage and transportation throughout Canada and across the Atlantic has "signally failed to take advantage of its opportunities," he is asking altogether too much. It may be good politics to claim everything and deny everything, but it is not good business to deny that work has been done when it is desired that the work should be continued and improved.

If the cold storage and transport system which the government has established is to go for nothing; if it merely has been a case of signal failure, as stated by Mr. Smith, that means, if it means anything, that what has been done is worthless and something else should take its place. No man who knows the circumstances and is interested in the welfare of Canada believes this. Everyone who is familiar with the circumstances knows that the department of Agriculture has done excellent work by its cold storage and transportation policy; work which has produced value to the farmers of Canada to the amount of millions of dollars, and with the improvements in the system which are constantly being made as the trade expands and as new inventions become available, is certain to produce many millions more.

It is difficult to understand the frame of mind that would induce a representative of the agricultural industry to utterly discredit, as Mr. Smith attempts to discredit by the wording of his motion, the government aided and supervised cold storage system in use throughout the Dominion. No doubt it leaves something to be desired, no doubt it can be improved—as a matter of fact it is being improved from day to day—but it has done, and is doing, and will continue to do good work to the profit of Canada in general and of the farmers in particular, and yet Mr. Smith, from his place in parliament on his responsibility as a member, for the sole purpose of politically discrediting the government, announces to the world that the government's cold storage system and policy has signally failed.

No one asks Mr. Smith, or any other member of a political party, not to make any legitimate attack upon his political opponents, nor does anyone ask that he should advertise the good work that is being done by them, but surely it is not too much to ask that in his anxiety to strike his opponents he should not strike the material interests of the country by declaring that a system upon whose success rests a very large proportion of the trade of Canada, has signally failed, when it is within his own knowledge that instead of its having signally failed, it has signally succeeded as far as it has yet gone.

This is the sort of thing to which parliament and the country has been treated for the last three or four months and always with the assertion that it is not a matter of politics. Mr. Smith's motion was defeated by a vote of 42 to 38.

Allen Labor Law Amendments

Amendments to the Alien Labor Law, which were promised some time ago, were introduced by Sir William Mulock, who is the Minister of Labor as well as Postmaster General. The bill is much further reaching than the original act, and whether well or ill-judged, it cannot be charged that it is not meant for business. It will be an offence under the new bill to import labor under promise or offer of employment, and a want advertisement in a newspaper will be considered a promise of employment. The bringing of laborers into Canada under false representations, is made a criminal offence. Steamship companies illegally bringing in aliens are liable for the expense of their deportation. Amongst the classes who are prohibited from entering Canada are paupers, diseased persons and anarchists. Provision is made that where there is an insufficiency of labor permission may be secured from a judge to bring in labor. The application to the judge must be advertised so that all parties may have a hearing. There was no discussion on the bill as it was only formally read the first time.

Taking Possession of our Northern Frontier

On the item in the estimates of \$200,000 for the purchase, equipment and maintenance of vessels to be employed in patrolling the waters in the northern portions of Canada, also for establishing and maintaining police and customs posts at such points on the mainland or islands as may be deemed necessary from time to time, the premier explained that the steamer Neptune had been sent to Hudson's Bay last year from Halifax with a member of the Geological Survey and Inspector Moody and five men of the Mounted Police. The Neptune would be met this season by a supply steamer and would cruise in the northern waters during the summer. Another steamer, the Arctic, will sail for the north, under Captain Bernier, on August 15th, which will carry an officer and ten men of the Mounted Police, in addition to her own crew, and will replace the Neptune. The item passed unanimously.

A Vote for the Peace River Road held up

An item of \$25,000 for colonization roads in Manitoba and the Northwest Territories was held up by Messrs. Boyd and Ingram. The Acting Minister of Public Works explained that \$15,000 of this amount was required to reopen and improve the road from the Athabasca river to Slave lake and Peace river. Two thousand dollars was required for a road in the southeastern section of Manitoba and a part was required for a colonization road from a point on the Canadian Northern to the Carrot river district. The Acting Minister explained that the item was properly under the Department of Interior. The occasion for the vote of money by the Dominion for the roads within the province of Manitoba and the territories was that in certain places the Dominion government held large areas of unoccupied land which were at present inaccessible for lack of roads, and, therefore, could not be settled upon. There being no population the local authorities were not subject to any pressure of public opinion to induce them to build these roads. Dr. Sprule objected to the money being spent by the Dominion government. If it was voted by the Dominion it should be spent by the local government as on previous occasions. Messrs. Boyd and Ingram objected to the vote altogether, and in deference to their objection it stood over until the return of the Minister of Interior, who is now attending the Winnipeg exhibition.

July 30th, 1904.

His Mission

Herald:
Cy. Warman, who was recently in Calgary and Edmonton, was on a secret mission for the McClure magazine.

36..

It was for the purpose of writing up the different aspects of the Hudson's Bay exploitations in western Canada. He was expected to treat the subject something like Miss Ida Tarbell has handled the Standard Oil Company. He was gathering material in all parts of the country, and especially the early relations of the Hudson's Bay officials to the half breeds of the far north, their responsibility for the two Riel rebellions and other entertaining history of the great corporation.

Like Miss Tarbell, who declared that old John D. Rockefeller was going to hell because of his great wealth, Cy. Warman was expected to point out the dark pages in the history of the Hudson's Bay operations in Canada and especially the personnel of those monarchs of the forest who blazed the way for the present civilization.

SPORTS

THE FORT DEFEATED

IN A LIVELY GAME

Edmonton Baseball Team win out by a

Score of Eight to Two. A Good Game

The Fort Saskatchewan baseball team suffered a severe defeat on their own grounds yesterday evening. The evening before the Fort team defeated Edmonton in a very close game by a score of 8 to 7. Yesterday the game was very fast, but Edmonton took the lead from the start and gradually increasing it, won out by a score of 8 to 2. A large crowd of spectators cheered the good plays of both teams.

Several changes were made in the line-up of both teams from the day before. For five innings Samis pitched for the Fort, but he went completely up in the air, nearly every man making a good hit off him. Steeves then took the box, but did little better. Were it not for the splendid field support he got, the score would have been very much more one-sided.

The game commenced at 6.30 o'clock and was finished within 55 minutes, making a record game for Northern Alberta. The Fort Saskatchewan innings were of the fast hit, miss and retire variety. They would have been completely shut out were it not for two errors by Edmonton which cost them the two runs scored. All the Edmonton men played splendid ball, Stokes playing an especially brilliant game. Milne, with the exception of one error, fielded his position splendidly. Edmonton batted to advantage and succeeded in doing the trick just when most needed. There is a strong probability that Stokes will take a permanent position in Edmonton in the near future.

The line-up of the teams was:

Fort Saskatchewan	Edmonton
Catcher.	Dobson
Pitcher.	Stokes
First Base.	Till
Second Base.	Magill
Third Base.	Maloney
Shortstop.	Deaton
Left Field.	Gilmour
Centre Field.	Milne
Right Field.	Cranston

Umpire McKenzie, of Edmonton, gave excellent satisfaction all round. The Edmonton baseball team are greatly pleased with the splendid time given them when in the Fort and hope to return the compliment next Thursday evening.

The Fort Saskatchewan baseball team will play in Edmonton next Thursday evening, when a splendid game is expected.

The touring Calgary baseball team were defeated by Virden on Wednesday by a score of 6 to 1. Calgary was badly crippled in the pitching department with the above result. O'Connor and Brenner, an imported battery, played for Virden, while Jameson did the twirling for Calgary.

Calgary baseball team defeated Brandon and Portage La Prairie and made a splendid showing against Winnipeg and other Manitoba baseball teams. Edmonton is watching Calgary's success with interest and pleasure. However, the complaint of the Red Deer Advocate is not without foundation and it is a pity that Calgary is not playing a strictly Calgary team. The Advocate says:—

What is generally termed the Calgary baseball team won two out of three games from Brandon and now claim the championship of Manitoba and the Northwest. Red Deer people can participate in the joy of victory, because there are as many if not more Red Deer players on that team than from any other place. The two McCartney boys and Lew Minkler are with them. With two others from Great Falls, and one from Cranbrook it comes very near to being a Red Deer team. But our team have some good players left yet, if the Calgary (?) team would like them.

A purely local team is the only amateur team that deserves to bring credit to the town for which it plays.

ALIEN LABOR BILL

UNDER DISCUSSION

Strong Fight put up Against it by the
Railway Companies

Bulletin Special Dispatch.

Ottawa, Aug. 5.—The Alien Labor Bill was under discussion all day. It now stands for its third reading.

The railway companies put up a strong fight against it, and some of the more drastic features were amended.

It now applies chiefly as a retaliatory measure against the United States after labor law.

The House sits tomorrow.

THE CROP OUTLOOK

IS VERY PROMISING

Grain in Good Condition and if Frost
Holds off there will be a Record
Yield

Bulletin Special Dispatch.

Winnipeg, Aug. 5.—Although the crop is ten to fourteen days late, recent bright, sunny weather has been rushing it. The straw is short and strong. The heads are long and are filling fast. The grain stands so thick that in many places a yield of 35 to 45 bushels is expected. Fifty per cent of the crop is now through blossom and by the middle of next week all will be through.

Cutting will commence in all districts from August 20th to August 25th.

The estimates of the average yield for Manitoba and Assiniboia vary from 13 to 20 bushels to the acre, with an assurance of a greater yield if frost holds off till September 1st. In this case the crop from the 3,450,000 acres seeded, will amount to 69,000,000 bushels.

THE BRANDON FAIR

WILL OPEN TUESDAY

Six Hundred Indians will be on the
Grounds and will show their Mode
of Living

Bulletin Special Dispatch.

Winnipeg, Aug. 5th.—Six hundred Indians will be camped in the Brandon fair grounds during the exhibition commencing Tuesday.

They will come from the surrounding reserves and will represent the Souris and Chippewa tribes.

In return for the hospitality of the board, which is offering money, prizes and gifts of flour, the Indians will demonstrate how they live and how they all amuse themselves.

DROWNED IN A BARRELL

AN ELDERLY LADY

Falls Headforemost into a Barrell full
of Water and is Drowned

Bulletin Special Dispatches.

Manitou, Man., Aug. 5th.—Mrs. Beamish of Kemptonville, Ont., here on a visit to her daughter, Mrs. Edward De-

pencer, was found by her grandson, with her head and shoulders immersed in a water barrel and all efforts to resuscitate her were unavailing.

Mrs. Beamish complained of dizziness and it is supposed she fainted while bathing her forehead in a barrel which was full and fell forward with her head below the water.

NEWS OF THE WORLD

IN BRIEF PARAGRAPHS

Condensed Dispatches Dealing With
the Day's Most Important Happenings

Winnipeg, Aug. 6th.

The British Tibetan expedition has crossed the Kuran-Pootrain safely.

Crookston, Duluth and Fargo were yesterday's winners in the Northern League.

In the British House the Opposition leaders walked out as a protest against the closure.

Noorma, the Canadian defender, won the first race in the Seawanhaka cup series.

At Tomuching the Russians had two thousand casualties. The Japanese buried hundreds of Russian dead.

In the Dominion House of Commons Sir William Mulock outlined the provisions of the Alien Labor Law.

Michael Riley, his daughter, and six other girl friends were drowned while bathing in the Mississippi river.

Canadian business in all mercantile centres is beneficially influenced by the promise of splendid western crops.

The Dominion Government in its case against the province of Manitoba in the matter of the Swamp Lands, has been appealed.

The result of the Canadian Military rifle leads are announced. Peterboro, Ont., and Vancouver, B.C., regiments took first honors.

The Dominion Fair closed yesterday, success having crowned the enterprise. Nearly a quarter of a million sight-seers passed the turnstile during the two weeks. Awards were made to manufacturers in the open butter competition.

THE HENLEY REGATTA

AT ST. CATHERINES

Is a Decided Success. Winnipeg doing
well. Large Crowds Present

Bulletin Special Dispatch.

St. Catharines, Aug. 6th.—The first day of the Royal Canadian Henley Regatta was a decided success.

The weather was all that could be desired and a crowd of four thousand people filled the grand stand.

The summary of the first heat is: Junior singles, 1st Crawford Richards of Winnipeg; 2nd E. McGee, Toronto. Senior four oar, 1st Argonauts of Toronto; 2nd, Winnipeg.

First heat intermediate single sculls, 1st H. S. Park, Argonauts; 2nd, G. H. Lloyd, Massachusetts.

Junior double sculls, Richards and Aldous of Winnipeg, first heat.

Senior singles, C. S. Tibur of New York; 1st, J. B. Green of Boston; 2nd,

Daring Hold Up

Chicago, August 2.—Four highway-men, all heavily armed, and two of them wearing masks, last night held up the passengers on the Illinois Central, Chicago and St. Louis express train, known as the "Diamond Special," on the outskirts of Chicago, as it neared Matteson, Ill.

The robbers secured all the money and valuables carried by the thirty passengers in the two Pullman sleepers, stopped the train, and escaped in the darkness. The forward sleeper was entered first, the occupants were aroused, and with nothing on but their night clothes were marched back to the Pullman car behind.

Two of the passengers, who were slow in responding to the commands of the robbers, were hit on the heads with a hatchet, and one was seriously injured. It was impossible last night to obtain the names of the injured passengers. When the passengers in the two cars had been lined up in the rear Pullman, two of the robbers stood guard, one at each end of the car, with drawn revolvers.

The third one, who is supposed to have been the leader, ordered the passengers, who had been compelled to bring along their clothes from the first car, to throw the garments on the floor of the car. The passengers in the rear car were then commanded to return to their berths and deposit their clothes in the same heap. Then the leader with the utmost coolness began to search the clothing for valuables. When he had finished this search, he made a close examination of the passengers for any money they might have secreted.

When the search had been completed all the booty was placed in a flour sack and the three robbers joined their companions who had stood guard in the vestibule of the train. Pulling the bell rope, the signal to the engineer to stop was given and when the speed of the train had slackened sufficiently, the robbers, after having locked the doors of the car, jumped off and fled in the darkness.

So systematic was the work of the robbers and with so little confusion, that the train crew was unaware of what was going on. It was not until the engineer, in response to the signal, brought his train to a standstill and seeing nothing of the remainder of the crew, walked back to the rear of the train to ascertain what was the matter, that he learned of the robbery. No attempt was made to rob the mail or express cars. The robbers secured more than \$1,000 in money and valuables.

E. H. Grope, superintendent of telegraphs for the Illinois Central, who was one of the men robbed, left the train at Kankakee and notified the central police and detectives.

Superintendent Grope's story as told at Kankakee, was as follows: "The men must have boarded the train at Harvey, for we were but a few miles out when they appeared at the door of the last pullman, and, cursing the brakeman and porter, ordered them into the smoking compartment. They went through the car and ordered all the men out. At first the men seemed to think the affair a joke and did not hasten. One of the bandits then fired into a berth whose occupant was slower than the rest. He came scrambling out in a hurry, and the rest responded more readily to the orders after that."

"One other passenger, a boy of 18 or 19 years of age was partly awake and the shot startled him. He, too, was slow, and when a bandit told him to get into the aisle the robber struck him with a hatchet. He was cut severely."

"They drove all the men to the smoking apartment and there two of them searched us, while the others stood guard in the doors. They took \$100 from me and \$300 from a man near me. I guess these were the largest individual amounts they obtained."

"They searched the women who were awake, but did not bother those who were in the berths where the curtains were drawn. In the second pullman, there were five or six passengers and they had an experience like the rest of us."

The train, which left Chicago at 9:27 o'clock, carried many passengers for the St. Louis fair and all remained on the train despite their experience.

School Lands For Sale

Herald:

All the school lands adjacent to the railroad from Lethbridge to Edmonton, or at least sections 11 and 29 will be disposed of at auction shortly. An upset price of \$7 has been placed on the most undesirable lands and unless this minimum is secured none will be sold. There is a very active enquiry for these lands and a special government agent has been in Calgary some time looking after this business.

Any of these school lands that fail to bring the upset price will be re-leased to ranchers and farmers who now hold them at four cents per acre. The Dominion lands produce a revenue of but two cents an acre. All these lands are in much demand by homesteaders who desire additional range for their stock. The new settlers are especially anxious to secure these leases, but little is now available.

The fact that the government lands have been withdrawn from the market accounts for the decrease of revenue from the department for the Calgary district, as compared with the business of last year.

The fiscal year closed in June and for the past year the homestead entries at this point numbered 2,676, as compared with 1,907 for 1903. The revenue for 1903 was \$18,890 and for 1904, \$26,455. Though the increase is small, it would have been heavier if the lands had not been withdrawn from the market.

Timber permits to actual settlers were 694 this year as compared with 469 in 1903.

E. F. Stephenson, inspector of agencies, from Winnipeg, will be in Calgary the latter part of the week. He is looking over the business of Alberta for the past season.

The Canadian Northwest Homestead Regulations

Any even numbered section of Dominion Lands in Manitoba or the Northwest Territories, excepting 8 and 16, which has not been homesteaded, or reserved to provide wood lots for settlers, or for other purposes, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age to the extent of one quarter section, of 160 acres, more or less.

ENTRY.—Entry may be made in the district in which the land to be taken is situated, or, if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situated, receive authority for some one to make entry for him. A fee of \$10.00 is charged for a homestead entry.

HOMESTEAD DUTIES.—A settler who has been granted an entry for a homestead is required by the provisions of the Dominion Lands Act and the amendments thereto, to perform the conditions connected therewith, under one of the following upon and cultivation of the land in each year during the term of three years:

(1) At least six months' residence years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry

under the provisions of this Act, reside upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of the Act as to residence may be satisfied by such person residing with the father or mother.

(3) If a settler has obtained a patent for his homestead, or a certificate for the issue of such patent, countersigned in the manner prescribed by this Act, and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.

(4) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon said land.

The term "vicinity" used above is meant to indicate the same township or an adjoining or cornering township.

A settler who avails himself of the provisions of Clauses 2, 3, or 4, must "reside" upon the land for a period of one year before he can obtain a patent for the land.

Application for patent should be made at the end of three years, before the local agent, sub-agent, or Homestead Inspector. Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands, at Ottawa, of his intention to do so.

Information.—Newly arrived immigrants will receive at the Immigration Office, in Winnipeg, or at any Dominion Lands Office, in Manitoba or the Northwest Territories, information as to the lands that are open for entry, and from the officers in charge, free of expense, advice and assistance in securing land to suit them. Full information respecting the land, timber, coal and mineral laws, as well as respecting Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, Manitoba, or to any of the Dominion Lands Agents in Manitoba or the Northwest Territories.

JAMES A. SMART,

Deputy Minister of the Interior. N.B.—In addition to Free Grant Lands to which the regulations above stated refer, thousands of acres of most desirable lands are available for lease or purchase from railroad and other corporations and private firms in Western Canada.

THE planters from whom I buy my tobacco in Cuba are the most expert tobacco growers in the world. They keep the plant nipped back carefully—free from suckers and only leaves enough on the plant for it to properly mature and nourish.

In this way the good of the tobacco—the proper qualities to make it excellent smoking, are evenly distributed all through the plant. Thus the leaf I secure for my Pharaoh filler is perfect—an even smoker—palatable and delicately odorous.

J. BRUCE PAYNE, Limited, Granby, P.C.

For the rest I use as binder a Connecticut broadleaf, the highest grade and most costly binder grown—and as a wrapper I import direct from Holland a genuine cigar leaf Sumatra—the finest wrapper in the world.—J.B.P.

LOCAL

—The Dominion Fair closed yesterday.

—Strathcona's Fair takes place on Monday, Tuesday and Wednesday of next week.

—"Builders and Building" will be the subject of Pastor McDonald's address on Sunday evening at the Baptist Church.

—A meeting of Local Improvement District No. 27 S. 4. will be held on Saturday, August 18th at 2 p.m. at the Fire Hall, Edmonton. It is desirable that ratepayers attend.

—The C.P.R. are greatly improving their yards in Strathcona filling up hollows and generally straightening up the grounds.

—At the Fort Saskatchewan races yesterday the free for all was won by Sandy with Dan Patch second. In the three minute trot Lucky Kid was first with Don B second.

—The New Denver Ledger will henceforth be published in Nelson, B.C. In the last issue the editor, R. T. Lowery, says, "The Slokan is one of the richest spots on earth and New Denver will some day be large enough to wear long clothes."

—The steamer Beaver ran an excursion on the river last night. Only a few took advantage of it. The Union Brass Band was on hand and rendered splendid music. These excursions should be more popular than last night's attendance would lead one to suppose.

PERSONAL

Mr. E. Butchart left Edmonton this morning on his return east.

Rev. Father Leduc returned to Edmonton last night from Calgary.

Dr. C. J. Reid returned on Thursday evening from a visit to Chicago and other points.

Mr. and Mrs. A. M. Anderson, and son arrived in the city last night from Leduc.

Mr. and Mrs. Chas. Radberg and children returned to Wetaskiwin this morning.

W. E. Poole, of Montague, P.E.I., arrived in Edmonton last night in the course of a trip through the West.

Mr. Donald Ross and son Donald, returned last night from attending the Dominion Exhibition in Winnipeg.

C. C. H. Cowan, and Wm. C. Sidmore of Orangeburg, Ill., arrived in the city last night on a visit to the Edmonton district.

Mrs. Donald Ross and Miss Dolly Ross returned to Edmonton last night from an extended visit to the old country.

L. M. Brown, a bank cashier of Cleveland, Oklahoma, O. M. Lancaster, a banker of Pawnee, Oklahoma, are in Edmonton to-day on a visit of inspection to Northern Alberta.

Messrs Sullivan and A. F. Shearn, of Port Arthur, and Amonte, Ont., arrived in the city last night in the course of a trip through the West.

ATTEMPTED MURDER

Although the coroner's inquest held on the body of the infant child of Mrs. Scott of Strathcona brought in a verdict of death from natural causes, the North West Mounted Police have been quietly working on the case. Yesterday Mrs. Gilbert and John Scott were arrested on a charge of attempted murder of Mrs. Gilbert's child now living. The preliminary hearing is being held in Strathcona this afternoon.

Gut a Million

New York, Aug. 5.—This was a happy day for Alfred C. Bourne, son of Frederick C. Bourne, whose home is at Oakdale, L. I. The young man

became of age to-day and as a birthday present he received \$1,000,000 left to him by Corman Clock, who acted as sponsor at young Bourne's baptism. Mr. Clock was president of the Singer Sewing Machine company, of which Frederick G. Bourne was also an official. The latter, upon the death of Mr. Clock, assumed the office of president of the company, which he still retains. The fortunate young man who became a millionaire overnight, celebrated his good luck by giving a reception at his parents' home, Indian Neck Hall.

Railway Commission

Toronto, Aug. 2.—The members of the railway commission passed through Toronto today, en route to the west. The party will leave Owen Sound tomorrow, and will visit Port Arthur and Fort William, and afterwards investigate transportation conditions at Winnipeg, Brandon, Indian Head, Regina, Prince Albert, Calgary, Kamloops, Revelstoke, New Westminster, Vancouver, Victoria, Grand Forks, Nelson, and Moose Jaw. At least one or two days will be spent at each point, and the nature of matters to be investigated will determine the length of stay. Ample time will be allowed for full discussion of all material subjects brought to the attention of the commission.

HOTEL ARRIVALS

Friday, August 5th.
